- 18) Must have 8 players to start a game, and 7 players to finish. There will be an automatic out recorded for all vacant batting positions if a team is playing with less than 9 players. With no outs or one out, there will be automatic outs when a team is playing with 7 or 8 players. With two outs only, the defense may not intentionally or unintentionally walk or hit the batter to get the automatic out(s). If the batter is walked or hit by a pitch, the vacant spot(s) in the batting order are skipped, the automatic out is waived, and the next batter will be the player whose name follows the vacant spot(s).
- 19) If a team is batting full roster and a player is injured. That player may be removed from the lineup without penalty as long as the team still has at least 9 batters. Once a team gets below 9 batters an out will be awarded each time the 9 spot comes up in the lineup unless the team walks the 8th hole batter, then there is no penalty. If a player is hurt in the middle of an at bat and there are no subs, the next batter may step in and take the count of the injured batter. From there on the lineup will stay the same order, with the injured player being removed, and the injured player may not enter the lineup again in that game.

- 22) A ball that hits any part of the ceiling will be played where it lands no matter where it hits the ceiling. Any Ball that hits the wall outside the fence will be foul. Any ball that hits a light will be a dead ball and be played as a re-pitch. A ball off the ceiling can land foul in front of the bases, roll fair, and still be played as a live fair ball.
- 23) Any ball hitting the black tarp in the outfield will be played live. Any ball hitting above the black tarp into the net will be a homerun.
- 24) Any ball going through the fence in the air, getting stuck in the fence or rolling under the fence onto the other field is an automatic double.
